## A Message from the Pastor

---

I'm honored to gush pride over the Stockton church.

There are authentic expressions of faith, filled with joy, peace, questions, struggle, triumph and grace.

There are healthy people who enjoy one another and caring for others.

Good memories and experiences strengthen people here for daily living.

I see a church open to the future that God has in store.

And I could see you in that future! I think you would find what you are looking for here.

Grace and peace,

Kenneth Good, pastor

## Our History

---

Stockton has always been about **connection**.

The town's first names were Reading Ferry and Howell's Ferry, because of the connection by ferry. We were renamed Stockton after the Post Office branch was opened in 1851. And this church has been worshipping God here each week since 1867.

Times have changed. There have been ups and downs. And the church has seen God's faithfulness. We remain connected:

- ◇ To Almighty God
- ◇ To the beautiful and mighty Delaware river
- ◇ To the charm of small town
- ◇ To all who worship here

And to you!

Are you part of the next chapter in the story of Stockton Presbyterian?
